INVESTMENT SHOWCASE

Social enterprises are for-purpose ventures that trade for a social, cultural, economic or environmental mission.

Our Mission

Our mission is to grow a high-quality pipeline of investible social ventures in the ACT and surrounding region for corporate, foundation and individual social impact investors.

Our Approach

An accelerator program is a concept borrowed from technology start-up incubation and investment. These intensive forms of entrepreneurial education and mentoring are proven to work for traditional technology-enabled start-up companies. However, applying the concept to social ventures comes with risk. That risk is why the Mill House exists. We work hard to reduce the risk for people who want to support the venture.

Our Clients

The Mill House will assist for-purpose entrepreneurs in Canberra and the surrounding region to apply iterative rigor to both their business and social impact models.

Showcase Sponsor:

SERVICE ONE®

CYCLABILITIES

Selina Hardwicke & Fiona Jarvis

A therapy-based program that supports road safety and cycling for children with additional needs. Cyclabilities fosters family and friendship connection helping reduce social isolation of participants and families.

cyclabilities@gmail.com

S.C.E.N.E

Candice Addicoat

Community improvement and individual enrichment via projects, workshops and events. Activities for all ages and abilities. For any budget, using everyday/recycled items and materials.

SCENE.Canberra@gmail.com

DEFIB.LIFE

Steve Reiffer

CMED's defib.life and cpr.life programs will make AEDs more accessible for the community by offering a subscription based service to businesses and a free AED rental program for community organisations and high-quality CPR training.

sreiffer@cmed.org.au

THIRD AGE MATTERS

Bina Brown

A social enterprise helping aging Australians and their families navigate the aged care system and consequently reduce stress and depression rates among that segment of the population.

bina@thirdagematters.com.au

GETABOUTABLE

Yasmine Gray

Crowd-sourced information and reviews featuring inclusive businesses in the travel & leisure sector. Getaboutable empowers people with disabilities to participate in travel & leisure activities and encourages the travel & leisure sector to cater to the 20% of the population with accessibility needs.

yasmine@getaboutable.com

POLIGLOT

Liam Osawa

An open democracy web-platform to empower citizens by enhancing access to policies and increasing citizen participation and engagement.

liam@examinechange.com.au

SOUTHERN CROSS GATEWAY

Peter Stoneley

Reduce administrative burden for service providers by providing an accounting software connecting business systems with those of government agencies, generating correct payment services.

stoneleyp@gmail.com

WOKE

Alexandra Martin

Woke provides young donors with a social networking and evaluation platform that enables charitable giving and greater connection with the causes that they care about. Stay Woke!

alexandra.rayne@me.com

CORNERSTONE CARE

Lisa McCorry

Address the information gap of ageing Australians by increasing GPs and health practitioners' knowledge on home aged care to help this population navigate the system.
